

## Legal information on the processing of special categories of personal data

### Information for data controllers (especially when processing special categories of personal data)

Customers who use the software products available here as data controllers within the meaning of data protection law should observe the Microsoft data protection provisions as well as any necessary agreements with Microsoft on commissioned processing, as listed below, especially if they have an operating agreement (cloud, SaaS) with Microsoft and are licensees of the respective Microsoft products, especially in connection with the processing of special categories of personal data within the meaning of Art. 9 GDPR resp. Art. 5 lit. c FADP:
